GLOBAL WELLNESS
SUMMIT // TYROL 2016

Dear Esteemed Colleague,

It is our great pleasure to invite you to the 2016 Global Wellness Summit (GWS) at the KitzKongress in Kitzbühel, Austria, October 17-19, 2016.

We are grateful to Land Tirol, Wirtschaftskammer Tirol, Tirol Werbung, and Kitzbühel Tourismus for helping bring the Summit to this magnificent medieval town located between Kitzbüheler Horn and the Hahnenkamm mountains in the Tyrolean Alps.

Tyrol embodies the very essence of wellness. You will feel the timeless majesty of nature everywhere you look; you will breathe clean air, drink pure mountain water, and experience authentic Austrian hospitality. You will feel as if you have returned home to family you didn't know you had.

Not only will you learn about these natural attributes, but you will experience them as we have planned activities to take advantage of Kitzbühel's legendary outdoor sporting life.

Our theme this year is "**Back to the Future**," as we mark with great pride our 10th anniversary Summit. We look forward to sharing with you some very special moments commemorating this milestone. As always, our Summit will look to the future – this year, we'll do so through the lens of history.

As a delegate to our invitation-only Summit, you will experience top-level keynote speakers, panels, and forums. You will engage in the networking that is a hallmark of our Summit, and it will aid in building your business. The days will inspire you with rich and diverse content, woven together with a thread of history and the nature that is abundant in Tyrol.

Please join us on a journey "**Back to the Future**" as we honor the past and set our sights on the next decade in wellness.

With warmest regards,

The Global Wellness Summit Board of Directors

SUMMIT: AT A GLANCE

OVERVIEW

The Global Wellness Summit (GWS) is an invitation-only international gathering that brings together leaders and visionaries to positively impact and shape the future of the global wellness industry. The 2016 Summit will take place October 17-19 in Kitzbühel, Tyrol, Austria, under the theme, “Back to the Future.”

DELEGATES

Every effort is made to ensure that those attending the annual GWS are leaders and decision-makers, representing a variety of industries. Delegates must have senior executive titles such as CEO, president, chairman, divisional SVP or owner. Company size, yearly sales, number of employees and length of time in business are also taken into consideration. Special room is allotted for educators, media and those from the non-profit sector.

FORMAT AND AGENDA

The Summit's carefully developed agenda features high-profile speakers, presenters and panelists, who address the timeliest issues and guarantee the GWS delivers its trademark vibrancy and relevancy. As invitees register, their expertise, interests and areas of concern are noted. This information is taken into consideration, along with global events and industry trends, to create the final Summit agenda and roster of presenters.

SPIRIT OF THE SUMMIT

The spirit of the Global Wellness Summit is one of shared purpose rather than individual gain. It is a willingness to put aside competitive egos and personal business goals. Participants engage in collaborative discussions and activities with the goal of furthering the wellness industries. Everyone contributes time, expertise and resources to ensure the Summit's success.

SETTING OF THE 2016 SUMMIT

LOCATION

The Global Wellness Summit marks its 10th anniversary this year, and will celebrate this milestone by paying homage to the past, while firmly staying focused on the future. An ideal setting for this celebration is the picturesque medieval town of Kitzbühel in the Tyrol region of Austria. Long regarded as the European cradle of wellness tourism, Tyrol holds a unique place in history as a wellness pioneer. By putting tourism at the center of its economy, it brings people and businesses together to promote the region's distinct wellness attributes and its legendary natural resources.

The Summit plenary sessions, as well as the forums and breakouts, will take place at the K3 KitzKongress, located within a short walk from the Summit hotels. The KitzKongress, a modern conference center designed with a nod to Alpine architecture, will become the hub of activity during the Summit.

THEME

The 2016 Summit theme, "Back to the Future," was chosen to honor the 10th anniversary and provide a historic context in which to examine and discuss the next 10 years in the wellness industry. Delegates will be asked to share predictions for the future, and those predictions will be collected and sealed in the "10th Anniversary Time Capsule" during a ceremony on the final day of the conference. (The Time Capsule will be opened at the 2026 Summit.)

"SHARK TANK OF WELLNESS" STUDENT COMPETITION

This year, the GWS has reimagined the Student Challenge and are happy to announce the launch of the inaugural "Shark Tank of Wellness." Students from all over the world are invited to submit a future-focused, innovative wellness idea that has the potential to become a profitable business venture. The top three finalists will be flown to Tyrol, along with one of their professors, to present their ideas on stage in front of judges and all Summit delegates.
