TEL AVIV  
NOVEMBER 2021 | TEL AVIV, ISRAEL

## 2021 SPONSORSHIP OPPORTUNITIES

The Global Wellness Summit (GWS) is the most important global conference on the business of wellness. Held in a different country each year, it is *the* event where leaders from business, government, academia and science come together to shape the interconnected world of wellness. The Summit also receives exceptional press coverage and is recognized for its global thought leadership.

In 2020, the GWS held a groundbreaking hybrid Summit at The Breakers Palm Beach, connecting in-person delegates and virtual attendees at an event that received high praise from business leaders, medical experts and the media. This innovative hybrid model will also take place in 2021, when we travel to Tel Aviv.

In addition, the GWS is a platform attracting thousands of wellness visionaries and innovators at virtual events, opening the door to new sponsorship opportunities. Weekly Wellness Master Class series via Zoom, the new virtual Wellness Sector Spotlights, GWS Podcasts, the highly respected Global Wellness Press Event: Research + Trends, and the biweekly TRENDium are among the many ways the GWS brings the wellness industry together—often under challenging circumstances.

### **2021: THE SUMMIT HEADS TO TEL AVIV NOVEMBER 2021**

This year, the Summit will take place in the global heart of innovation, Tel Aviv, the “Start-Up Nation” of Israel! Delegates will hear from leading voices on the future of business as well as participate in

activities designed to elicit conversation and collaboration—all while enjoying the rich culture and history of this historic region. The 2021 Summit offers an exclusive sponsorship program, each with unique opportunities to engage a prestigious community of global business and thought leaders, both in person and virtually, via the hybrid model. The Tech Innovation Pavilion, which debuted last year, will have an expanded presence in Tel Aviv. And we will again offer a competition for wellness innovations.
