

AGENDA

GLOBAL WELLNESS
SUMMIT 2023

A TIME OF
TRANSFORMATION

NOVEMBER 6-9, 2023 | MIAMI, FLORIDA, USA

As the Global Wellness Summit (GWS) welcomes top executives from around the world to its highly anticipated conference, this year's theme, "**A Time of Transformation,**" couldn't be more fitting.

The dynamic landscape of the wellness industry continues to create significant opportunities in a wide range of sectors, from mental health and beauty, to real estate and travel, to healthcare and medicine. The Agenda is thoughtfully designed to explore the multifaceted dimensions of wellness, examining how this booming industry is reshaping the global business landscape.

Exploring the evolving trends and innovative strategies driving the wellness economy, the Agenda offers invaluable insights for business executives, policymakers and investors seeking to harness the full potential of this transformative period. Engaging keynotes and panels span a wide array of topics, such as the new era emerging for women's health, the intersection of sports, hospitality and wellness, the transformative power of mental wellness (including hearing from gymnast Simone Biles), new innovations in longevity medicine and more.

This year's GWS promises to be an unparalleled opportunity for attendees to network, share expertise and learn from the most influential leaders in the wellness sector. We invite you to engage in the offstage collaborative discussions that so often lead to relationships shaping the future of wellness, from the Table Topic lunches to After-Dinner Conversations to social events. Forging meaningful connections is at the heart of our DNA.

The Agenda is your guide to this momentous Summit. The plenary sessions will be video recorded, and your delegate registration includes access to the recordings shortly after the Summit. (Please note, recording is not allowed for the sessions with Timbaland or Simone Biles.)

Join the conversation online throughout the Summit, using #2023GWS on your preferred social media platform, and utilize the Summit App to network with other delegates.

Thank you for being part of the Summit's global community.

PRE- SUMMIT

2023 AGENDA

Most plenary sessions are recorded for on-demand access after the Summit.

MONDAY, NOVEMBER 6, 2023

PRE-SUMMIT ACTIVITIES

Leaving the World Better Than We Found It: Lessons from a Small Country

Sophie Howe, Global Wellbeing Advisor, Sophie Howe Associates, United Kingdom

Described by the *Guardian* as “the world’s first minister for the unborn” and by the *New Statesman* as leading a Welsh plot to save the world, Sophie Howe was the first Future Generations Commissioner for Wales, the only role of its kind in the world. She held government to account on how its decisions affect future generations and has influenced other countries to follow suit, including the UN. She is named as one of the UK’s “Top 100 Changemakers” and at number five in the BBC “Women’s Power List.”
