Lightning Round Auction in Support of Nonprofit Global Wellness Institute

A signature element of every Global Wellness Summit (GWS), is a live auction that benefits the sister nonprofit Global Wellness Institute (GWI). Funds are raised to support: research, which is available to anyone, without cost; The Wellness Moonshot: A World Free of Preventable Disease; and the Susie Ellis Scholarship for Equity in Wellness, which aims to create more inclusivity at the annual GWS by providing financial assistance to members of an underserved population to join the conference each year, ultimately empowering recipients to return to their local communities and become leaders in the wellness industry.

This auction provides experiences reflecting the topics and destinations presented at the Symposium, including Rancho La Puerta, THE WELL and more.
