The screenshot shows the search interface of the Global Mentorship Platform. The header includes the logo and tagline, a search bar, and navigation links for "relations" and "my account". A teal banner asks "Are you ready to inspire a Mentee?" with a scrollable menu to "indicate up to three main skills you can boost". Below, instructions explain how to use the search, including a note to read the mentor handbook and code of conduct. A "BEST PRACTICE" section lists three key actions for mentors.

Are you ready to inspire a Mentee ?

indicate up to three main skills you can boost

To start searching for possible Mentee matches, click on the word "indicate" (in the search box above). Select up to 3 main skills (in the scroll menu) you think you can best inspire within your Mentee. Results will appear instantly, and you will be able to add 2 filters: by Location & by Position.

IMPORTANT: before requesting a connection with a Mentee, please READ & ACCEPT the [MENTOR HANDBOOK](#) & the [CODE of CONDUCT](#)

BEST PRACTICE: To make the most of this mentorship opportunity:

- encourage your Mentee, right from the start, to choose specific objectives about his/her career path or how to become a better leader.
- use the "request meeting" action in your "relations" page to set each monthly call for the period agreed with your Mentee.
- before each call, your Mentee should send you (by email) his / her questions / topics of discussion so that you can adjust and prepare specific infos to share.
- then your Mentee should dedicate some time to summarize the main talking points of the session & next steps of the action plan suggested by you.
